

ULTRA CARPET
119 E. BOUNDARY ST
BUTLER PA 16001

Dear Mike

After using Hardball Power-Pack pre-spray for about two years, Rarely do you find a product that will perform like it. Safe to use on upholstery, wool carpet and tough enough for tough restaurant grease.

Our crew never leaves home without it. I know we will always have the right product to get the job done without problems associated with other products.

Our customers love the pleasant fragrance and the free sample we leave behind for spotter.

A Great Product Mike!!

Thank You.
