To: Mike Vernon – Hard Ball Chemical Company,

Hi Mike,

I just want you to know how much I enjoy using your chemicals for my cleaning business. I have used your chemicals for over two years & Have never had a problem with call backs since I started using hard ball. I could write a 5 page testimony describing in detail why I only use your chemicals, but to make this simple I Have two very good reasons.

#1. I can use your chemicals on any surface & do a terrific job every time.

#2. For me this is the most important reason I use Hard Ball. Every time I call Mike with questions he is very willing to help. I thank you for all your help Mike.

God Bless

Joe Sorensen - Owner
